

Administrative Affidavit of Support ¹

Name:

Title:

Address:

Please enter your initials in each space provided.

Affidavit
Our college/institution acknowledges that personnel/faculty from our college have received funding in the National Science Foundation's Small Grants for Institutions New to ATE category. A funded project has either been completed or is currently under way. <input type="text"/>
To my knowledge, our college/institution is therefore eligible for "Moving- Up" mentoring support that focuses on the preparation of a proposal in the ATE Project category. (ATE Project proposals are called "Moving-Up" proposals when they are submitted by recipients of <input type="text"/> New-to-ATE grants.)
Our college/institution supports development of a "Moving Up" project proposal for October 2020 submission, to be prepared by faculty with technical support and mentoring provided by the Mentor-Connect project. <input type="text"/>
Our college/institution will encourage participating faculty by allowing them time to attend the mentoring workshops and time as needed to work with college personnel and their Mentor-Connect mentor to prepare the proposal. <input type="text"/>
Our college/institution recognizes that it may request up to twenty hours of no cost mentoring that includes constructive comments by email or telephone conference. <input type="text"/>
Our college/institution supports the faculty in the evaluation of this activity by providing Mentor-Connect with copies of the new proposal and the NSF ATE panel reviews and by participating in surveys and/or individual interviews. <input type="text"/>

Signature:

Date:

¹ I certify I have the authority to commit the college/institution to the specified employee support, reimbursement of travel expenses, and submission of a grant proposal to NSF.
